VentPure – VPG - Single-cartridge “mushroom” vent cover

Gas – Single Cartridge

The **VentPure** housing is designed for sterile filtration of air or gas on process, preparation or storage tanks. Its ‘mushroom’ design allows natural condensate drainage and compact vertical mounting on a flange or clamp connection.

Made of mirror-polished 316L stainless steel, it meets the highest hygiene and safety standards of the pharmaceutical and cosmetics industries.

Key benefits

- Hygienic & compact design
- 100% 316L stainless steel mechanically polished or electropolished
- Configurator on <http://www.pharmacraft.eu>
- Clamp fittings for quick maintenance
- Suitable for 10’, 20’, 30” and traceability
- Customised connections in accordance with ASME BPE, ISO, SMS et DIN

Typical applications

- Vents for preparation and storage tanks

EasyCare™ Maintenance Kits – PHARMACRAFT

Optimise the service life of your housings and simplify your maintenance operations

EasyCare™ are complete maintenance kits designed for PHARMACRAFT filtration housings (CPG, CPG-MC, ClearView and Plug&seal ranges).

They contain all the replacement parts needed to ensure the integrity, safety and longevity of your equipment.

Manufactured from materials that comply with FDA/USP Class VI and ADI Free standards, EasyCare™ kits ensure fast and reliable replacement of critical components without compromising on quality or traceability.

ORDERING INFORMATION – Kit VPG

Each kit contains:

- 1 seal
- 1 clamp
- Individually sealed sachet, identified with batch number and PHARMACRAFT reference
- Certificate of compliance with FDA-USP Class VI and ADI Free materials
